

Thank you for your interest in the MTFP. Our office just received notification from the Mississippi Department of Education regarding the status of our grant, informing us that we will not have the funds to onboard a new cohort of prospective teachers for participation. The MTFP will only be funded to support our current participants as the program is gradually phased out over the next two years. After 30+ years of working with Fellows, we are sorry we are no longer able to accept new applicants. Thank you for your dedication to the teaching profession.

Thank you.

MTFP Program Staff
